

## **FREE REGISTRATION FOR K-12 PUBLIC/CHARTER SCHOOL EDUCATORS!**

**EDUCATING TOMORROW ' S GAME CHANGERS** - Identify a problem, find a solution, and have the courage to innovate – this is the entrepreneurial spirit. Southern California ' s economic well-being depends on entrepreneurs in corporations, non-profits, government, and communities. How can we use education technology to teach our students to be innovators for the future?

Join Town Hall Los Angeles and Corwin Press for "**Full STEAM Ahead! Part 3: Building Our Economy Through Education Technology**," a half-day conference featuring an educational lecture from **Dr. Yong Zhao**, Presidential Chair of Global Education and Online Learning, **University of Oregon** on "**World Class Learners: Educating Creative and Entrepreneurial Students**" as well as a discussion from our confirmed panel of experts on education technology and our creative economy. Through the generosity of our sponsors, **K-12 public/charter school educators are able to attend for FREE**. If you know any teachers who would be interested in this, [please forward them the information here](#).

**Full STEAM Ahead! Part 3: Building Our Economy Through Education Technology**
