

HENRY YEE
President

Henry started his County career in 1970 as a Safety Engineer with the Road Department. He has traveled through the County Engineer, Mechanical, and Internal Services Departments, while being assigned to construction management and contracting. Henry is currently a manager in the Administrative Services Contracts Section of the Sheriff's Department. As president of the LACAAEA, Henry's vision is to encourage new Asian County employees into membership and networking with Asian organizations in the community to develop personal and professional growth.
